About Conference

We are happy to announce our **2nd European Congress on Biomedical Science and Engineering** on **October 07-08, 2024** in **London, UK** organised in coordination with generous support and cooperation from passionate academicians and Organizing Committee members with the theme “**Re-Imagining Biomedical Engineering for a Future World Wellness**”. We are delighted to welcome all the leading delegates, scientist, researchers, scholars, professors, physicians to take part in this approaching to witness various scientific discussions and bestow future improvement in the field of cancer. This is to find out how research advances belong to medical health and human society. The intention of BIOMED 2024 to convey the society the most recent research results and advances in the field of Medical Science. This conference will emphasize the information research on its impact on outcomes through oral demonstration and presentation.

Scientific Sessions

- Biomedical Engineering
- Nano and Micro Technologies
- Neural Engineering
- Women's Health
- Tissue Engineering
- Infectious Diseases Tech
- Rehabilitation Engineering
- Biomechanics
- Biomanufacturing
- Biomaterials
- Bioinformatics
- Biomedical Imaging
- Cellular Bioengineering
- Cancer Technologies
- Cardiovascular Engineering
- Drug Discovery & Delivery
- Biomedical Robotics
- Global Health Tech

Who can Attend

- Laboratory Technicians
- Laboratory Technologists
- Pathologists
- Genetecists
- Hematologists
- Histopathologists
- Laboratory In-Charge
- Laboratory Manager
- Head of Department
- Clinical Research Scientists
- Precision Medicine
- Specialists
- Clinical Trial Experts
- Targeted Therapy Oncologists
- Oncogenetics/Gen Specialists
- Regulatory Affairs Professionals
- Infectious Diseases Specialists
- Pharmaceutical Specialists
- Researchers and Scientists
- Pharmacogenomic Specialists
- Bioinformaticians
- Data Scientists Specialists
- Genomics Data Scientists
- Bioinformatics Specialists
- Hospital Directors
- Healthcare regulators
- Biotechnologists
- PHD students

Scientists and Researchers from Research Institutes, Universities, Companies, and Laboratories from all over the world can attend our congress

Why to Attend

We are dedicated to provide a platform where you can meet with like minded people and peers. So, don't miss your chance to:

1. Real Networking
2. Connect, Share and Learn
3. Learn Beyond your Field of Interest

About London

London is the capital and largest city of England and the United Kingdom, with a population of just under 9 million. It stands on the River Thames in south-east England at the head of a 50-mile (80 km) estuary down to the North Sea, and has been a major settlement for two millennia. The City of London, Its ancient core and financial centre were founded by the Romans as Londinium and retain their mediaeval boundaries. The City of Westminster, to the west of the City of London, has for centuries hosted the national government and parliament. Since the 19th century, the name "London" has also referred to the metropolis around this core, historically split between the counties of Middlesex, Essex, Surrey, Kent, and Hertfordshire, which largely comprises Greater London, governed by the Greater London Authority.
